

Edison Summer Extravaganza!

Legos & Technology!

July 20-24

9 am - 12:30 pm

Build with Legos,® explore web sites where you can find and share designs, and try out (free!) Lego® design software. Choose a project: create a group Lego® web site, make a Lego® book or movie, or maybe even build your own Lego® USB jump drive! Legos® will be provided for use at camp, but you'll also have a few chances to bring in your own models to display.

Back to School Edition!

July 27-31

9 am - 12:30 pm

Create the back-to-school edition of our student-published paper, the Edison Light Bulb. We'll also learn some web skills to create an online edition, and venture into the community to do interviews, surveys, ads or investigative reporting.

Make Movies!

August 3-7

9 am - 12:30 pm

Learn how to animate Legos®, clay, drawings & more, using digital photos and software like iMovie, Animation-ish,™ Scratch™ or iStopMotion.™ Add dialog, sounds, effects & titles to your film. Produce a DVD to keep with all our movies. Invite family & friends to a public screening on Friday at noon.
